

HARMONY

TIMBER FLOORS

Harmony Timber Floors is an Australian owned and run company operating out of three locations across Queensland and New South Wales. We specialize in the manufacture, importation and installation of Engineered Timber Floors, Bamboo Flooring and Laminate Flooring. Harmony Timber Floors has been trading for seven years during this time we have built up a solid reputation within the Queensland and New South Wales construction sectors working on a variety of projects with key industry builders and developers. Some recent highlights have included working with Barclay Mowlem to complete the Peppers resort Kingscliff where we installed approximately 13,000 meter squared of European Oak. The Beachshacks at Casuarina working with Resortcorp and Verve Towers Broadbeach working with Matrix and DBI Design.

We are currently preferred suppliers for some of Queensland's largest developers including Sunland Group, Matrix, Stockland, Laing O' Rourke, Construction Engineering, G.J Gardner, and Resortcorp. We have also provided products to some of Australia's largest retailers including Carpet One and ALDI Supermarkets.

These relationships have been developed by providing quality products at extremely competitive price points with an emphasis on reliability both in meeting supply and installation deadlines. Harmony Timber Floors is a member of the Australian Timber Floor Association, Queensland Timbers and Master Builders we pride ourselves on only using quality trades people and materials when completing each and every project.

Through manufacturing ports in Indonesia, China and Brazil Harmony is in a position to create customized solutions for our clients that both meet the Aesthetic requirements of Architects at a price and quality point demanded by builders and end-users.
